

ADVANCED SCUBA DIVER COURSE AND SCHEDULE

The Dive Shop Advanced Scuba Diver Course is a continuing education certification course for certified divers. It is a fun and enjoyable experience designed to introduce divers to a variety of new diving activities in a supervised open-water environment. This course will enable you to fine tune your diving skills, meet new divers and gain additional confidence as you explore many new diving activities.

Who's eligible to take the course?

The new and experienced open water certified diver can take the course. Maybe you have a desire for additional training, meeting new divers or just looking for a **fun** weekend at the lake. We guarantee all 3!

Course Content

The *Advanced Scuba Diver Course* will consist of five open-water training dives. The Deep and Navigational dives are required. The other 3-4 dives will be chosen from the special activity dives list below. The special dives will be determined prior to the weekend course. *The Advanced Scuba Diver* manual is required reading prior to the dives. Knowledge reviews must also be completed and turned into your instructor. Skill reviews in the pool prior to the weekend.

Dives covered over the weekend

- Deep dive
- Buoyancy
- Multilevel and Computer
- Diver Propulsion Vehicle (DPV)
- Search and Recovery
- Underwater Navigation

Equipment Provided by *The Dive Shop*

- Tank
- Weights
- Compass

Note - You need to have your own dive slate for the navigational dives and dive lights for the night dive and deep dive. You also need to have your own hood and gloves for the deep dive.

Rental equipment is available if you do not have your own wetsuit, BCD or Regulator Set.
